

SUZUKI

Way of Life!

Splash

For the life you want to lead

Hopping down to the coast for the weekend. Grabbing your daily coffee. Doing the weekly dash around the supermarket. Whatever life has planned for your day you can be sure that the new Suzuki Splash is clever enough to handle it. This exciting new compact MPV packs in all the equipment you want, and still looks good doing it. It's the ultimate accessory for a get up and go lifestyle!

It makes time for you to enjoy the moment

You know what it's like. There's never enough hours in the day. When things are getting really hectic the last thing you want from your car is a drama. You want your car to be cool, practical and economical. Which is why we designed the Suzuki Splash to be both compact and stylish. It has great balance and agility around town and the high driving position gives great all round visibility. Emissions are low and it's packed with safety features, including six airbags[†] and ESP[®] (Electronic Stability Program).^{*†} All that remains is to choose the engine size and colour that fits your life perfectly.

^{*}ESP[®] is a registered trademark of Daimler AG

[†]ESP[®] and curtain airbags not available on 1.0 GLS model

Impressive exterior, versatile design

It's possible to be both good-looking and hardworking and the Suzuki Splash proves it. The high roofline not only gives it presence and a confident style, it allows more headroom and a commanding view of the road, making driving safer and less stressful. The gently rising nose and A-pillars that flow into the roof give a streamlined look and help the Splash cut effortlessly through the air helping to reduce fuel consumption and emissions. The Splash may be compact, but it's big on style.

Perfect in every detail

When you're rushing around you can't always be perfectly turned out, but the Splash looks good anytime. The sharp design encompasses a sleek, agile look on the road. Even from a distance its styling is unmistakable. Get up close and things look even better. Notice the rear light clusters, set right at the corners to allow a wide tailgate for easy loading. Then there are the large multi-reflector headlamps that cut through the darkness and sporty touches such as alloy wheels and front fog lamps on GLS⁺ and DDiS models. Best of all, even though it's compact and a breeze to park, the Splash carries five adults in complete comfort.

All the space you need

Everyone has to make space for the things in their life. Work, play, walking the dog, ferrying the kids, cooking and washing. You have to cope with it, so shouldn't your car be able to cope with it too? The new Suzuki Splash can. For such a compact car it's remarkably big on space. Space for heads, space for legs and loads of storage space. The high seating position gives all occupants better all round vision. Whilst the generous legroom means even the longest trips can be enjoyed instead of endured. Even the gearshift has been mounted on the dash to keep it neatly out of the way.

There are two stylish trim options that include Opal (only available with Lagoon Turquoise Metallic paint) and Nero for all other body colours.

All the features you want

Look around the interior of the Splash and it soon becomes evident it has everything you need. Space, high levels of comfort and finish, and storage compartments throughout the cabin. The rear seatback splits 60/40 for load lugging and can be easily reconfigured. Feeling thirsty? There are bottle holders in every door, in the front and behind the handbrake lever. Air conditioning, remote central door locking, trip computer, and MP3 compatible CD/radio are standard. As are electric front windows and six airbags*. The model range also features a leather steering wheel and a stylish metallic silver ringed centre console featuring a large easy to read speedometer with a dashboard mounted rev counter pod for all models.

*Curtain airbags not available on 1.0 GLS model

Life's about choices, make a great one

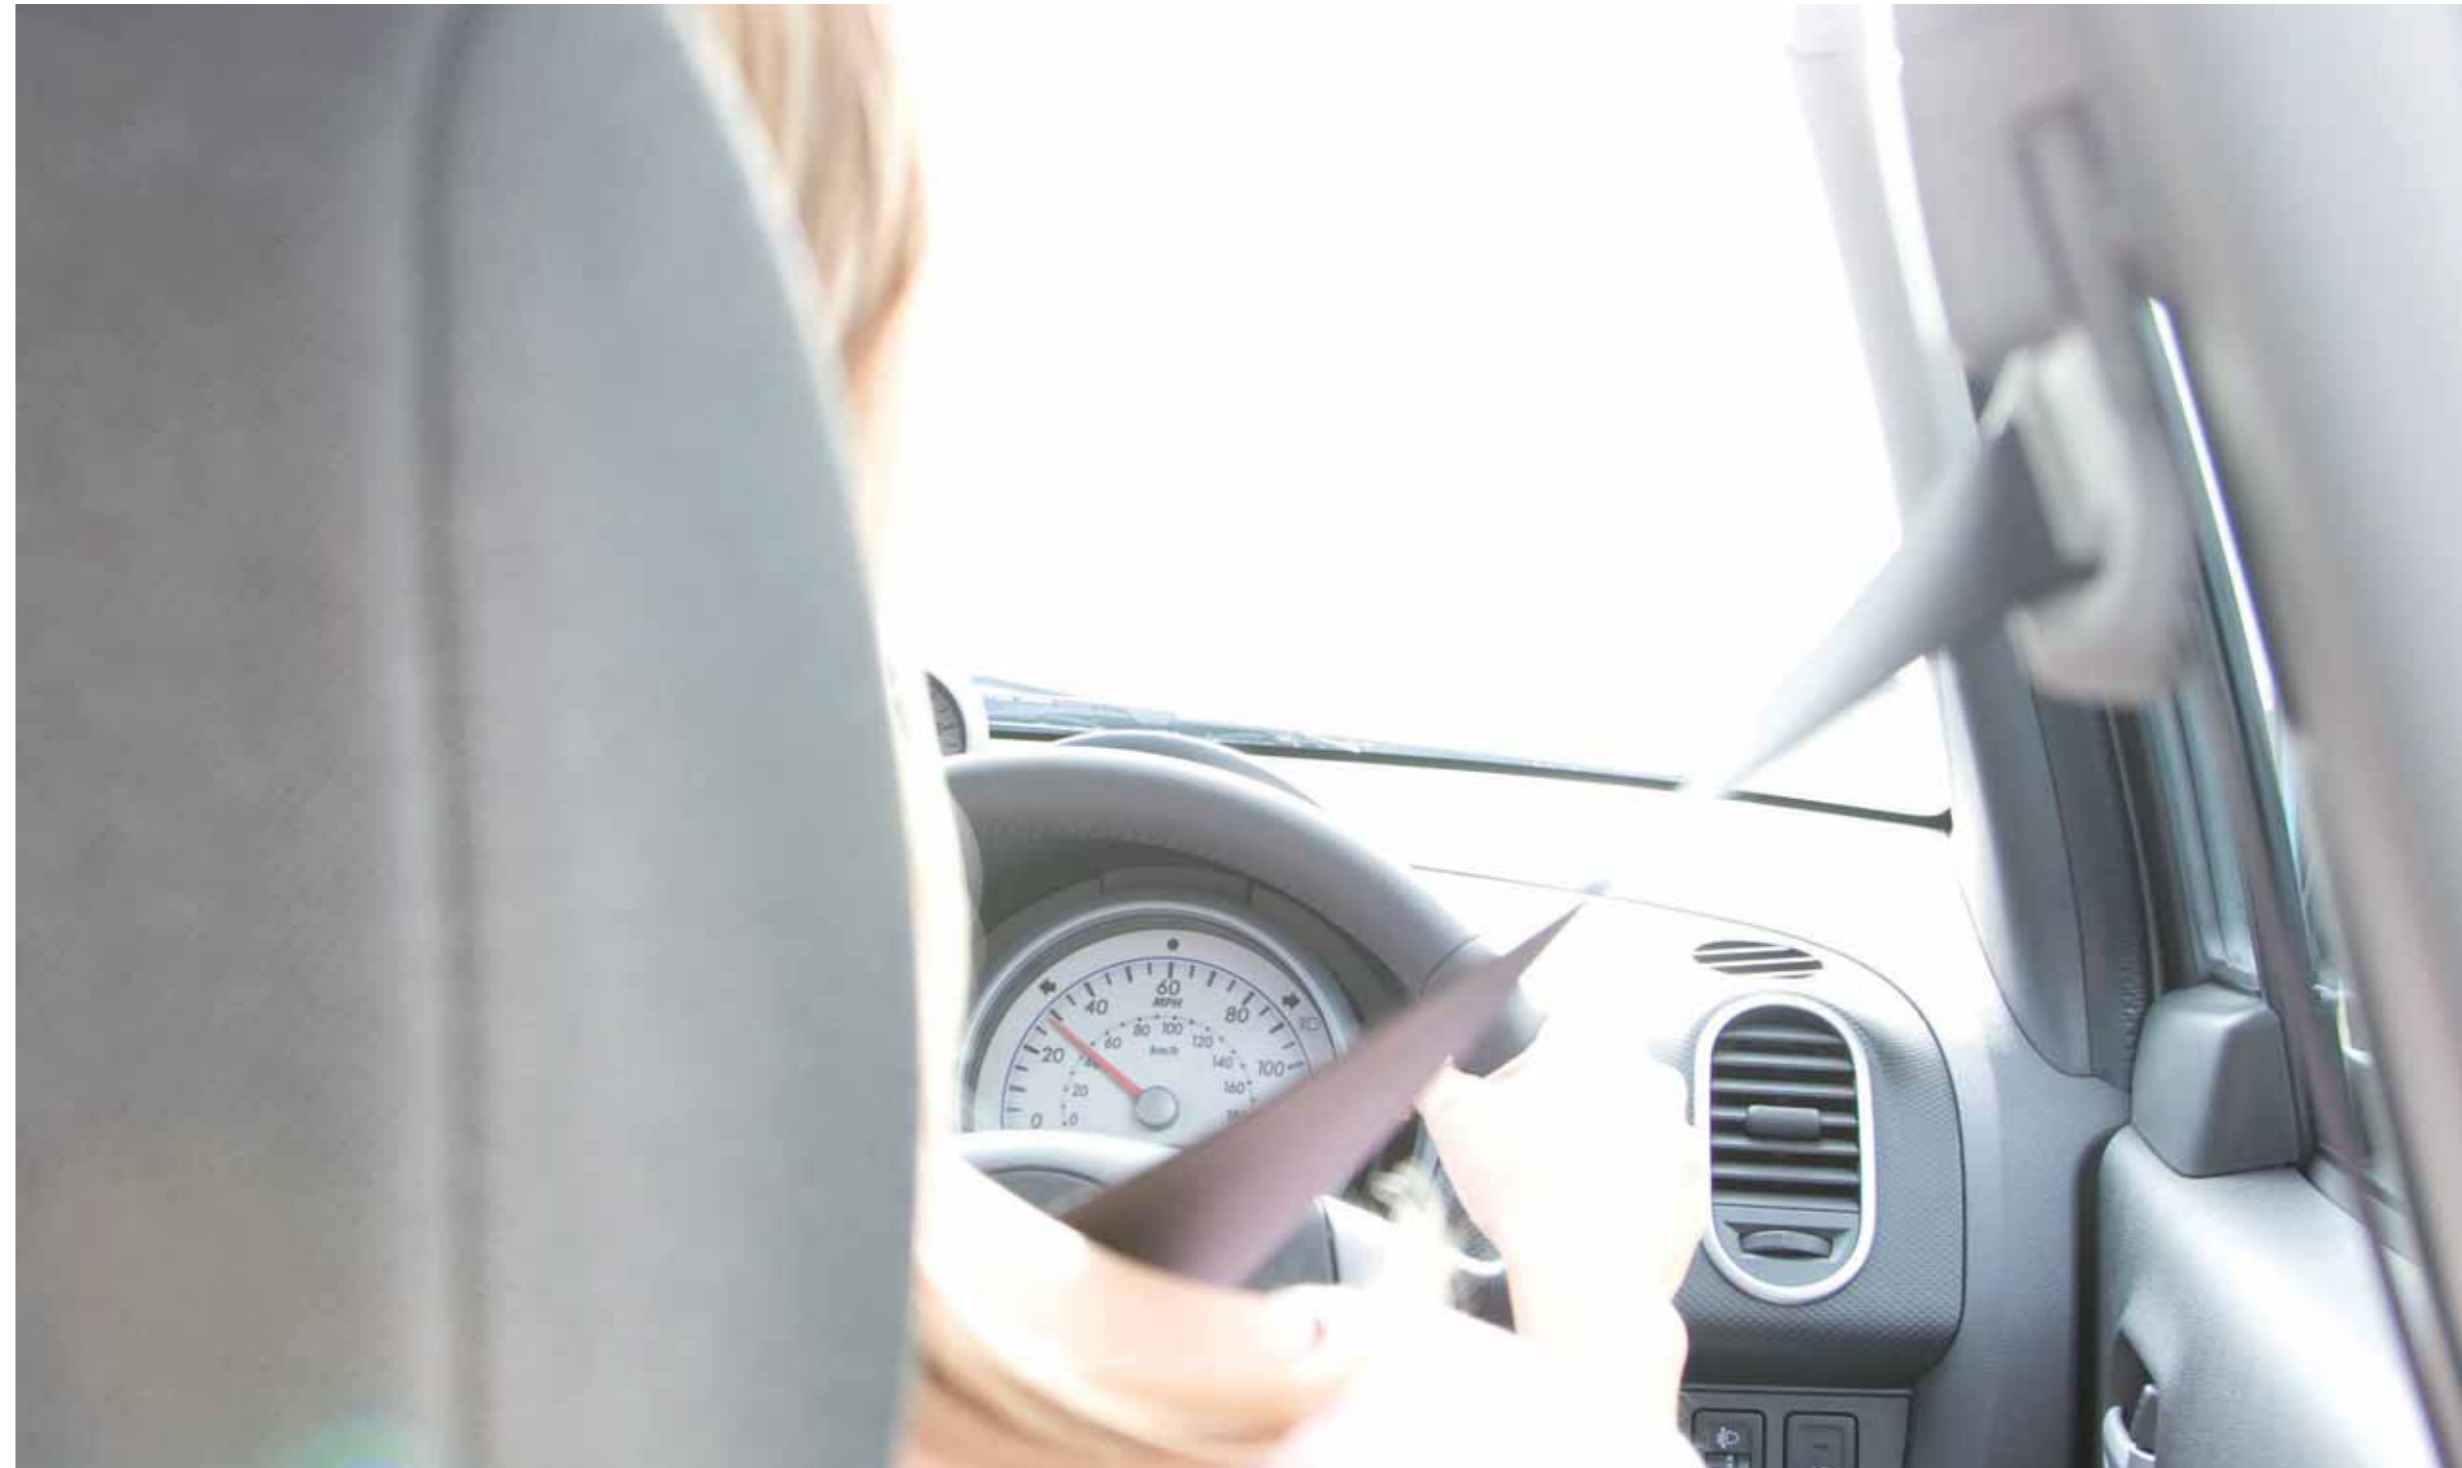

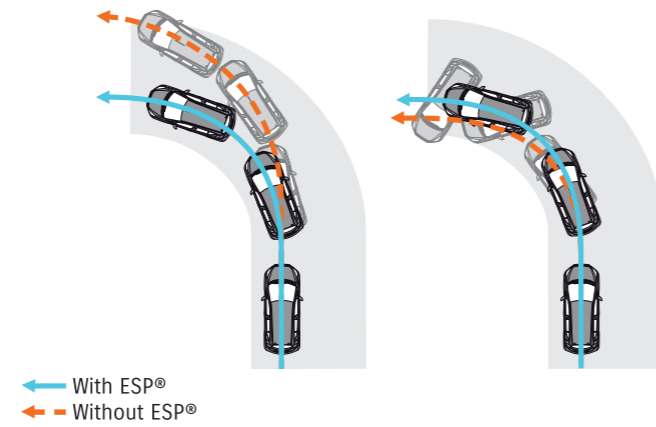

There's plenty of choices on the new Suzuki Splash. From exterior colour and interior trim to the engine under the bonnet, you can decide what you want. It comes with a choice of a lightweight 1.0 litre, 65PS and a 1.2 litre, 86PS petrol engine or a 1.3 litre, 75PS diesel engine producing 190Nm of torque. All models come with a slick 5 speed manual transmission as standard and an optional automatic gearbox is available with the 1.2 litre petrol engine.

Designed to be compact, light and efficient, the Splash delivers great nippy performance whilst also being incredibly frugal. All models offer low emissions, which makes them ideal for the city. The 1.3 DDiS diesel has a combined fuel consumption of 62.8mpg and CO₂ emissions of only 120g/km. Sounds complicated? Well all you really need to know is all engines have been designed to give you low fuel costs and emissions. Which should make both your wallet and our planet that little bit happier.

All round safety

Whatever you're worrying about, it shouldn't be your car. The Splash has an array of intelligent features designed to maintain the safety of you and your passengers. There's an Anti-lock Braking System, with Brake Assist and Electronic Brake-force Distribution to ensure you always have optimum braking particularly when you need it most. An Electronic Stability Program**† detects loss of grip and keeps you safely on course, whilst front, side and curtain airbags† give you total all round protection. All of which means you have complete peace of mind and a few less things to worry about.

 †ESP® and curtain airbags not available on 1.0 GLS model

Equipment

A gym kit, a pair of sunglasses, an old newspaper, a few boiled sweets, a battered road map and some tissues. We know that in a couple of weeks your new Splash will be filled with all kinds of stuff. But for the moment, here's a few things we've put in there...

GLS

COMFORT AND CONVENIENCE

- Electric front windows with driver's side auto-down
- Seat height adjuster (driver and front passenger)
- Rear seat with 60/40 split and tilt-down function
- Cloth-accented door trim
- Front sun visors with vanity mirrors
- Front passenger side assist grip
- 2 Rear assist grips with coat hooks
- Power steering
- Tilt-adjustable steering wheel
- Tachometer
- Digital clock
- Outside temperature display
- Fuel consumption display (average/instantaneous)
- Distance until tank empty display
- Remote fuel lid opener
- Low fuel warning lamp
- Lights-on and key-in reminder
- Driver's seatbelt warning lamp and alarm
- Door ajar warning lamp
- Front map light (3-position)
- Luggage area light
